

NHPRC Webinar Series

Webinar #2: Finding Photos of Historic Properties and Neighborhoods

NHPRC Webinar Series

- The National Historical Publications and Records Commission (NHPRC), a statutory body affiliated with the National Archives and Records Administration (NARA), support a wide range of activities to preserve, publish, and encourage the use of documentary sources, created in every medium ranging from quill pen to computer, relating to the history of the United States.
- As part of this grant, Atlanta History Center will host and record five webinars over 2024-2025 that focus on how to use a variety of resources relevant to researching historic properties:
 - An Introduction to the National Register of Historic Places and Historic Property Research (March 2024)
 - **Finding Photos of Historic Neighborhoods & Properties (June 2024)**
 - Documenting Changes to Buildings Over Time
 - Tracking Ownership & Sale of Property
 - Roadblocks of Property & Neighborhood Research

Q&A

Research Significance of Materials

- Visual records of people, places and events (tangible links to the past)
- Shows changes in neighborhoods and structures throughout time as the city grows and the physical landscape shifts
- Impact on residents and displacement of communities
- Documentation for rehabilitation of historic properties
- Supplemental to other resources: city directories, building permits, Sanborn Fire Insurance maps, etc.
- Types of researchers
 - Neighborhood, home, and urban planning research (landowners, homeowners, tenants, real estate agents, surveyors, academics, etc.)
 - The #1 question from historic house researchers: “Are there photographs of my home?”

Atlanta Urban Design Commission

The Atlanta Urban Design Commission “nominates and regulates buildings and districts with Historic, Landmark or Conservation status.” Members are appointed by the Mayor and the City Council.

([Source: Urban Design Commission](#))

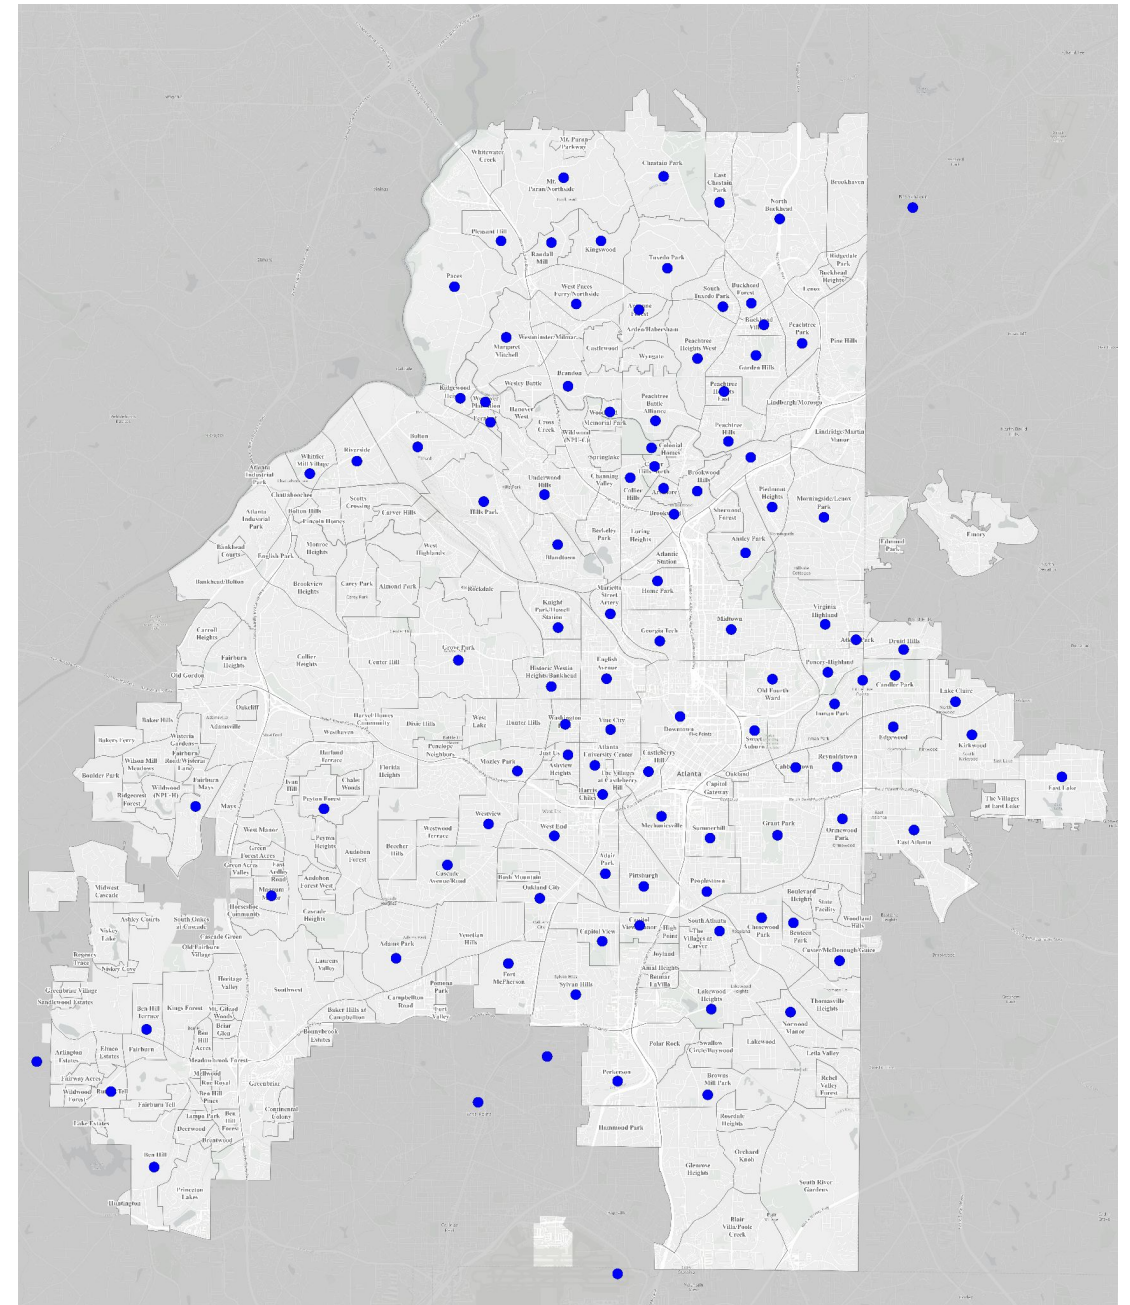

Atlanta Urban Design Commission collection at the Atlanta History Center (VIS 443):

- Photographs of Atlanta neighborhoods between 1970 and 1990
- Residential, religious, commercial, educational facilities, landmark buildings, and public housing. Many sites have been preserved, though some have been replaced by modern development.
- Many identified by specific streets or addresses. **All images are arranged by neighborhood.**
- Atlanta Urban Design Commission records

Coverage

- Approximately 11,000 images total documenting neighborhoods (December 2024 completion)
- 3,948 of these are slides to be made available on Album (July 2024 completion)

Atlanta Real Estate Board Appraisals

Real Estate Board Appraisals at the Atlanta History Center:

Expected completion date: October 2025

- 10,000 appraisals from 1924-1983, thousands of which document homes and buildings in historically Black neighborhoods that are typically not included in other resources such as the Sanborn Fire Insurance Maps
 - Some appraisals are accompanied by a photograph starting in the 1950s. Nearly every appraisal starting in the 1960s contains a photograph. Earlier records often contain drawings or plats
- Show land valuation over time by a private corporation, including the differences in land valuation in predominantly Black and white neighborhoods.
- Site images (and appraisal information) are identified by specific addresses
- Normally manuscript and visual collections are separated at AHC, but the appraisals will be kept together for ease of access and interpretation

1965

Appraisal
#6366

Mrs. Tommie Jackson, Executive Secretary
Atlanta Real Estate Board
Healey Building
Atlanta, Georgia 30303

Dear Tommie:

I am requesting appraisals on three properties in behalf of my father-in-law, L. B. Richardson. These appraisals are being made to determine the fair market value, and will be used in determining the value of an undivided interest in these three properties for estate tax purposes.

I have photostated sheets from the plat book which show the three locations that are outlined in red. The rental information is shown below:

<i>459 - 463</i>	
1)	<u>461 Ponce de Leon Avenue, N. E.</u> <i>- \$12⁰⁰ Jan - \$10,560 City - \$11,550 City</i>
<i>1/3 INT.</i>	
Income - 1964 \$1401.00	
Expenses:	
Taxes \$572.25	
Insurance 40.20	
Agent's Comm. . 78.00	
Court Cost <u>23.50</u>	
Net Income <u>713.95</u>	
Net Income \$ 687.05	
<i>1/2 INT.</i>	
2)	<u>451 Mitchell Street, S. W.</u> This property is <i>\$24⁰⁰ - 4,220 - 3020</i>
leased to Whitman Laundry.	
Income - 1964 \$2100.00	
Expenses:	
Taxes \$223.97	
Insurance 18.00	
Agent's Comm. . <u>78.00</u>	
Net Income <u>319.97</u>	
Net Income \$1780.03	

At the present time, a new two-year lease has just gone into effect (3/1/65), at a gross rental of \$1800.00 per year.

1/3 INT.

- 3) 179 Fifteenth Street, N. E. This property is ~~-28⁰⁰ - 6,200 - 4,430~~
an old residence which is now vacant. The
house is to be torn down sometime within the
near future.

Taxes - 1964 \$321.65
Insurance 57.43

The appraisals and bill for the appraisals should be sent
to Mr. L. B. Richardson, 4701 Santa Maria, Coral Gables, Florida.

If any other information is needed, please give me a ring.

Best regards.

Very truly yours,

Charles G. Bartenfeld
Manager, Mortgage Loan Department

CITY OF ATLANTA

Discussion:

This property is situated on the southerly side of Ponce de Leon Ave. between Parkway Drive and Boulevard. The lot size is 59.92 feet on Ponce de Leon Avenue x 154.8 x 50.66 x 154.4 feet. All utilities are available to the property, the lot is on grade with the street, and the zoning is C-2, commercial. The total land area is approximately 8,500 square feet.

In the opinion of the Committee, the neighborhood is more or less stable, there has been little or no activity in the sales area.

The improvements on the property consist of a one-story store building which contains three units. This building contains approximately 4,485 square feet and is of brick and mill construction. The building is about forty years old, and the general condition both interior and exterior is fair. The Committee estimates a fair remaining economic life of this building to be about 15 year with average maintenance. This building has a built up tar and gravel roof, plastered interior walls, fluorescent lighting, ceramic tile floors, and contains one toilet and wash basin in each unit.

In the opinion of the Committee, the property is improved to its highest and best use. This is a retail area but the lack of parking facilities and the age of most of the buildings in this area restrict somewhat the potential of higher rentals under existing conditions.

The only access to the rear of subject property is through adjoining property and the garage property on Boulevard.

Subject property is rented as follows:

#459 is rented to Estes Plating Co. until March 31, 1965 at an annual rental of \$1,080.00;

#461 is rented to Sanitary Delicatessen, on a tenant at will basis, at an annual rental of \$1,200.00;

#463 is rented to the Deercliff Archery Supply Company until March 31, 1965 at an annual rental of \$1,080.00.

The parking lot in the rear of the building, approximately 50.66 x 77 feet (3,900 square feet), is rented to G.H. Iviey, 30 day contract, at an annual rental of \$180.00.

The total rental is \$3,540.00 per annum, all tenants-at-will as of the date of this appraisal, and the Committee considers this rental to be a fair economic rental. The Committee estimates a fair net income to be approximately \$2,085.00 per annum after allowing for taxes, insurance, repairs, management, and vacancies.

VALUATION

In the opinion of the Committee, this property has a FAIR MARKET
VALUE as of this date of:

Land -----	\$18,000.00
Improvements -----	<u>6,500.00</u>
TOTAL -----	\$24,500.00

(Twenty-four thousand, five hundred dollars)

AND, in the opinion of the Committee, a one-third undivided interest
in this property has a FAIR MARKET VALUE as of this date of:

-----\$6,950.00-----

(Six thousand, nine hundred and fifty dollars)

451 MITCHELL ST, SW

Chere St. S. Bl.

27.5' X 113.6'

84-3

Discussion:

This property is situated on the northerly side of Mitchell Street between Northside Drive and Haynes Street. The lot has a frontage of 27 feet on Mitchell Street and runs back a uniform depth of 117 feet, the northerly line being 27 feet also. The total land area is approximately 3,159 square feet. All utilities, the street is paved, and the zoning is M-1, industrial. The lot is at street grade and rises very slightly toward the rear.

The property is situated in a location which is in a declining state, in the opinion of our Committee. The general area has lost its retail potential because so many of the nearby residents have been required to move due to Urban Renewal. Most of the automobile traffic has been diverted to the West Hunter Connector.

The improvements on the property consist of a one-story store building which has a brick front and sidewall, and glass front windows, and the rear is of concrete block. The building is approximately 15 years old, and contains about 1,890 square feet. The interior condition is fair and the exterior is good. The Committee estimates a fair remaining economic life of the building to be approximately fifteen years.

The building has a built up tar and gravel roof, exposed ceilings, tile and concrete floor, old fluorescent lighting and contains one toilet with wash basin.

Parking is provided for about 2 or 3 cars. In the opinion of the Committee, this is not adequate.

Subject property is leased to Whitman's Laundry (branch office) under a two year lease beginning March 1, 1965 at an annual rental of \$1,800.00. In the opinion of the Committee, this is a fair rental and the Committee estimates a fair net income to be approximately \$1,165.00 per annum after allowing for taxes, insurance, repairs, management, and vacancies.

VALUATION

In the opinion of the Committee, this property has a FAIR MARKET VALUE as of this date of:

Land -----	\$ 8,000.00
Improvements -----	<u>3,750.00</u>
TOTAL -----	\$11,750.00

AND, in the opinion of the Committee, a one-half undivided interest in this property has a FAIR MARKET VALUE as of this date of:

-----\$5,290.00-----

(Five thousand, two hundred and ninety dollars)

* * * * *

Discussion:

This property is situated on the southerly side of Fifteenth Street between Peachtree Circle and Yonah Drive. The lot size is: 100 x 318 x 50 x 287 feet.

The street is paved with asphalt, the side walks are paved and all utilities are available. The lot is elevated some fifteen feet above street grade.

The zoning is A-1, apartments.

Subject property is situated in an old residential section of Atlanta which is practically 100% built up. In the opinion of the Committee, the neighborhood is stable to improving. Stores are about five blocks away and public transportation is about one block away.

The improvements on this property consist of an old two-story frame dwelling which is in very poor condition and, in the opinion of our Committee, contributes no value to this property.

It is also the Committee's opinion that this property would accommodate about eight units. However, the Committee feels that due to the

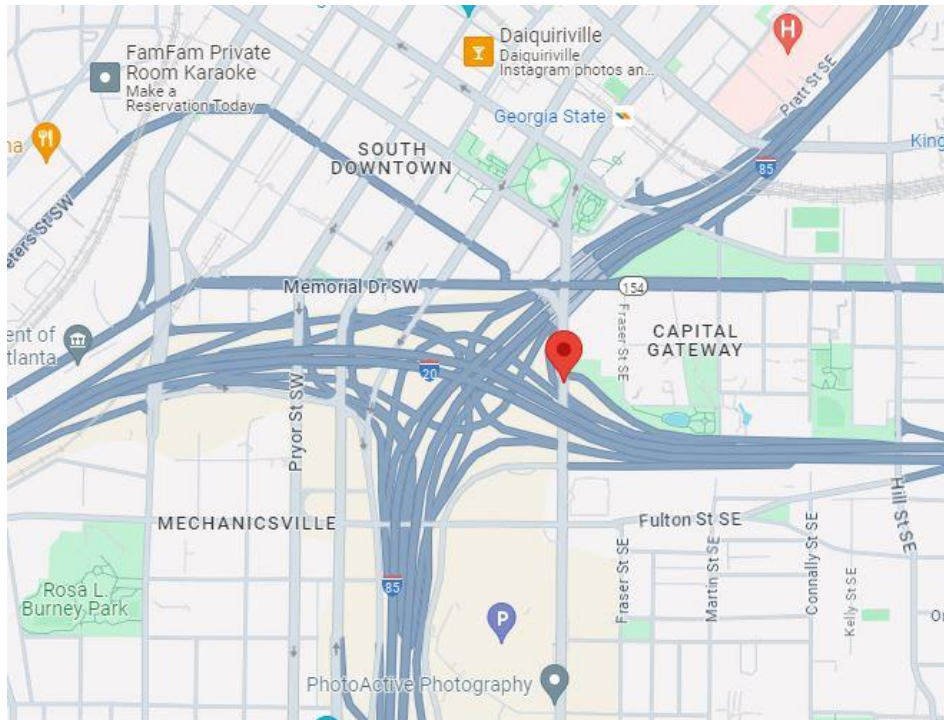

Fulton County Board of Commissioners photographs

Fulton County Board of Commissioners is the primary legislative and policy-making body for Fulton County, Georgia. Established in 1880 as the Board of Commissioners of Roads and Revenues, it was empowered to levy taxes, establish or abolish roads and bridges, and control all property in Fulton County. As of 2023, the Board of Commissioners is comprised of seven members elected to four-year terms.

[Fulton County Board of Commissioners photographs](#) at the Atlanta History Center (VIS 447):

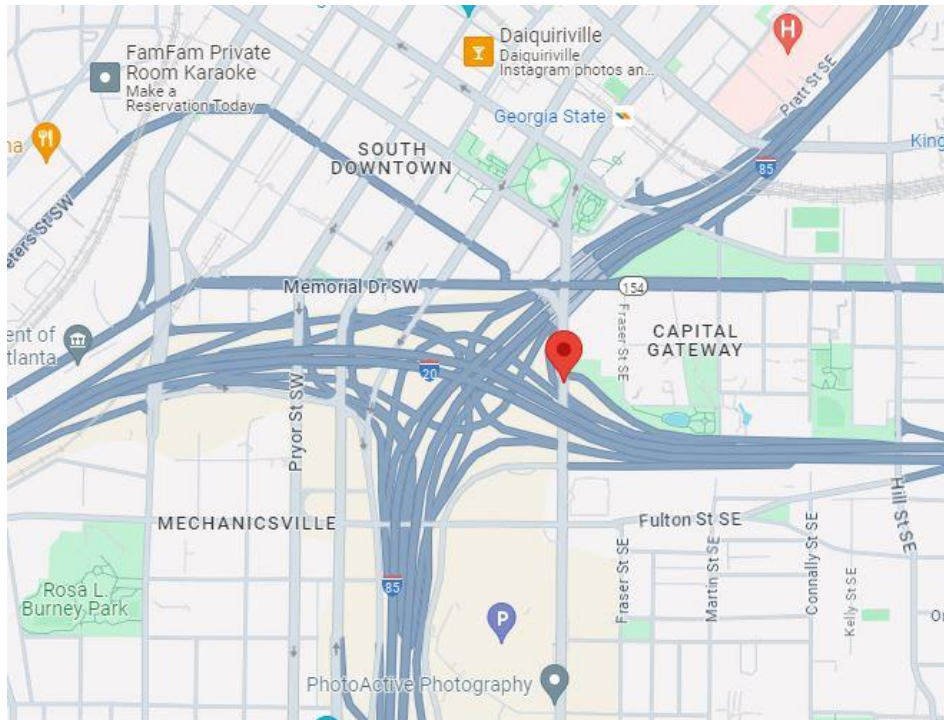

- 733 negatives from 1949-1962
- Mechanicsville, Vine City, Summerhill, Adair Park, Atlanta University Center Historic District, English Avenue, Downtown, Home Park, Marietta Street Artery, Blandtown, and in areas that would become The Villages at Castleberry Hill, and Capitol View neighborhoods.
- Houses, roadways, businesses, churches, synagogues, public housing, and schools. The images often capture candid images of people gathering on porches and in front of houses, and as pedestrians.
- The purpose of the photographs has not been established, but many contain images of areas in Atlanta that were impacted by the construction of highways and the expansion of major thoroughfares.
